1. Claims 3-13, 15-26 and 28-39 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 1/20/2006.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 14 and 27 are rejected under 35 U.S.C. 102(b) as being anticipated by Kao. Kao discloses a sealed container including an elongated tubular housing 1, a sealed end 22, an open end 11, a liquid within 2, an enclosed opening means 22' disposed inside the housing 1 and being ruptured when the housing is bent as disclosed on col. 2, lines 9-17.

4. Claims 14 and 27 are rejected under 35 U.S.C. 102(b) as being anticipated by Seemann. Seemann discloses a sealed container including an elongated tubular housing 28, a sealed end 29, an open end 36, a liquid 37, an enclosed opening means 30-33 disposed inside the housing 28 and with 31 and 33 being ruptured when the housing is pushed or squeezed thereby allowing liquid 37 to dispense through 36.

5. Claims 14 and 27 are rejected under 35 U.S.C. 102(b) as being anticipated by O'Meara. O'Meara discloses a sealed container including an elongated tubular housing 11, a sealed end 13, an open end 37, 41, a liquid as disclosed on col. 1, line 8, an enclosed opening means 27, 31 disposed inside the housing 11 and with 31 being

ruptured when the opening means is operated thereby allowing liquid to dispense through 37. Note that as disclosed on col. 4, line 7, cover or cap 39 is optional.

6. Claim 2 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. Applicant's arguments filed 9/12/2006 have been fully considered but they are not persuasive. Applicant contends that the prior art to Seemann and O'Meara does not bend as claimed. This is correct. However, rejected claims 14 and 27 do not define any bending limitation and the word bend does not appear in claims 14 and 27.

Seeman and O'Meara do anticipate the broadly claimed opening means as called for in claims 14 and 27.

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
